ENVIRONMENTAL AWARENESS FOUNDATION

The Mayor's Office of
The City of Atlanta
Mr. Pridgeon
Dear Sir or Madam:

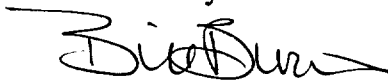

Environmental Awareness Foundation which is now located at 535 Hill Street Atlanta, GA 30312. Plan to tutor to 5th and 6th graders for 6 weeks on Lead Paint Poison Prevention. EAF will use video Tapes, educational brochures and other materials that will be used in class. Presently the targeted neighborhoods are Old Fourth Ward, Summer Hill and Grant Park.

EAF have been waiting on these funds from the Governor's Fund for some time, and we are looking forward to your support in getting funds passed through to EAF so we may continue our mission.

Environmental Awareness Foundation (EAF) is state wide. Our mission is to improve the environmental health and reduce the environmental risk factors of people living in Georgia's community. EAF focus on Environmental Household Health Hazards. EAF pursues effective and efficient strategies to communicate environmental awareness to targeted communities. The attached \$30,000 proposal seeks to conduct a 5-year Lead Hazard Control Safe House Program. EAF would like a \$ 5,000 grant in support of our first Objective: Community Outreach, Education and Public Training.

This project will focus on high-risk communities throughout the City of Atlanta. EAF/CDC research census data and records of elevated blood levels for lead (EBL's) of children in the city/county areas were identified as high-risk areas. These economically depressed areas have high incidences of EBL's in children and require immediate action to reduce the rising lead poisoning trends. It is evident that a proactive approach, which incorporates community outreach, public education, technical and lead awareness training efforts as well as lead hazards reduction initiatives (assessment and abatement) would be an effective way to serve the areas. In addition, this program complements the nation wide focus of Pollution Prevention.

Sincerely

Bill Burns
Executive Director

ENVIRONMENTAL AWARENESS FOUNDATION

ENVIRONMENTAL AWARENESS FOUNDATION Youth Tutoring Youth After-School Program

Environmental Awareness Foundation (EAF) is a state wide, non-profit, 501©3 organization. EAF seeks to Educate: Inform and Train the community on Environmental Household Health Hazards. Our Youth Tutoring Youth (YTY) Program is one of the projects we are working on in the community.

EAF *objective* is to institute teamwork among Businesses, Schools and the Community on environmental health hazards. The Team offers Door to Door community involvement, radio/television (PSA's), College Campus activities (Georgia Tech), in-home counseling on environmental health and social issues: as well as gathering and giving out information throughout the community. This after school program is following our successful Summer Tutoring program.

EAF *goal* is to provide environmental and social enrichment programs. The program targets children between the ages of 6 through 13 years of age. Our tutors are High School Students, College Students and Adults. EAF trains and updates tutors on environmental issues weekly. This will help to ensure that our children will grow with self-esteem; self respect, and respect for their environment.

EAF is requesting 1 hour a day, 5 days a week with a budget to tutor at your selected sites. EAF is bringing about a solution for a cleaner and healthier environment through our children.

Please feel free to call with questions, you or your review team may have regarding this request.

With warm regards

Bill Burns
Executive Director
